**Parish News letter— 10th Sunday in Ordinary time 10th to 17th June 2018**

**FOR THE SAFETY OF EVERYONE:**

Few days ago, a new law was enacted which forbids companies to hold information about individuals without their explicit permission. Many of them have been at pains contacting individuals asking them for permission to continue keeping their information for security and for business purposes. It is all about safety and personal integrity of individuals.

Safety and safeguarding are big topics these days. Have you ever asked yourself: How safe am I? How am I keeping others safe? In case of an emergency how quickly can I or someone get away from danger? Have I placed something in the way (a baby pram, a bag, or a chair) which can become a hazard or contribute to the danger? If a fire alarm was raised, how safe could I and the children get away? Please become more alert and more conscious about your personal safety and about the safety of others when we come to Mass.

I have asked parents not to take children to the loft. Unfortunately some of them interpret this directive to mean that I don't want to have children in the church, or to go to a place where they can have a better view of the church from above. The reason why I don't want children to go to the loft is that if there is an emergency of any kind (God forbid) children will either be the first casualties, or they will slow down your ability to get away from danger. I wish to say therefore that children are forbidden to sit at the loft during Mass. Parents should help me in implementing this directive.

Be familiar with the geography of this church and with the exit routes that can lead you to safe places in case it becomes necessary to do so. Some doors will not get you out but others will. Therefore it is important that you look at the doors to see the signs and to be familiar with escape routes you can use if you need to. The doors are open during Mass even though they appear closed to keep heat in.

When an alarm is raised, act immediately but don't panic, evacuate the place quickly and assemble in the carpark near the trees. You should not, walk to your home immediately or return to the building, but assemble at the three trees in the compound to make sure that everyone is accounted for.

Do not leave your purses and handbags unattended even in church. I'm touched by the honesty of many of you who have brought to me car keys, handbags, mobile phones, debit and credit cards etc.. which they find left unattended. The excuse of their owners are always the same: 'Oh I went to light a candle,' 'I had gone for a meeting' 'Nobody will come to church to steal'. This shows how naive some of us are. I hope you will take this information seriously and help one to remain safe.
