#### SPIRITUAL LIGHT FOR THE HUMAN JOURNEY OF LIFE

In our natural setting in the universe, light is important for any form of life. Life seems impossible without it; we need light to be able to do most of the things we need to do every day. The plants that the animals feed on require light energy for their growth. We are able to see the beauty of the world with the aid of light. It seems life and light are two the faces of the same coin. If, in simple terms, light is defined as a natural agent that stimulates sight and makes things visible, then without it we would not be able to work to develop our world. If our sight is affected we need correction to improve our vision. In the same way, we also need spiritual attentiveness to improve our spiritual blind spots by reflecting on the Holy Scriptures.

At the creation of the world, light was the second thing to be created (*Gen. 1:1-3, the earth was formless, and it was darkness everywhere ..... God said let there be light.....*). Later on, when he healed the blind man, Christ said *I'm the light of the world..... (Jn. 9:5)*. In today's gospel for the fourth Sunday of Lent, our Lord said, *though the light has come into world, people preferred darkness (Jn.3:19-21)*. In these scriptural events, we are reminded that, to live according to God's plan, we are expected to live in the light of God that includes; holiness, truthfulness, love, forgiveness, justice, generosity, kindness, peacefulness, understanding and faithfulness. If we live in spiritual darkness or in the absence of spiritual light we miss the original plan of God for our life. All that goes contrary to light is darkness or deficiency of good, which includes; injustice, dishonesty, distrust, disobedience, arrogance, disunity, envy, jealousy, unforgiveness, anger, bitterness, violence, unfaithfulness, emotional imbalance, hatred, prejudice, resentment, ignorance and laziness.

During this Lenten season we are called to overcome our spiritual blindness so as hold on to the life of the light of God to make our human journey of life evocative and effective to our contemporary world. It is only when we invite God into our lives that we can be able to comprehend our spiritual blindness. Just as, unless we visit the optician, we may not know how much our vision is affected. By this reflection we are invited to pay attention to God's word to unblock our spiritual blindness.

God bless,

*In Pontius*
